About this year's Perennials catalog

We are pleased to present the Dümmer Orange perennial assortment in this catalog. We've fine-tuned the range for you, adding new products you'll love. We continue to focus on our reliable **True Grower Genetics**. These selected varieties have been tested over many years in countless trials and under a wide range of conditions, and consistently deliver first-class results with ease of cultivation.

With **Bloommatch**, we can offer you mixtures of perennials and bedding plants that have also been extensively tested. The perfectly matched mixes meet the demand for trendy, high quality and colorful mixes.

The **Aubretia Rock On** series has been a staple of our perennial range for years.

In addition to the tried and tested varieties, we now offer early and late types, enabling producers to cover the entire spring season with just one potting week.

The **Saxifraga Scenic** series also covers the entire spring season with early and late varieties. The compact plants with short stems and radiant flowers are eye-catchers at the point of sale.

TAKE IT EASY!

Bloomatch: Take it easy!

Perennials meet Bedding and Balcony Plants! In addition to the successful Bedding and Balcony classic Confetti Garden, we have launched a new series called Bloomatch.

Our Bloomatch blends have been tested over several years to ensure reliable production for you. The varieties are perfectly matched to achieve an optimum product with absolute planning reliability. What sets Bloomatch apart is the trendy and up-to-date color blends that are sure to catch your customers' eyes. Matching modern labels are also available, providing you with a sales-strong addition to your range. The Bedding and Balcony plants component of Bloomatch already brings plenty of color to the finished product – while perennials ensure long-lasting enjoyment for the end consumer.

Benefits of Bloomatch:

- **Long-lasting floral splendor:** With Bloomatch, you can offer the trade a new range of plants that not only look beautiful, but also last long for the end consumer. This means satisfied customers and repeat business.
- **Trendy colors:** Each Bloomatch blend combines high-quality products that harmonize perfectly with the latest color trends.
- **Easy application:** Bloomatch is easy to handle and saves you valuable time and resources in production. The pre-mixed blends grow perfectly together and offer a long sales window, as they show color early on.

Don't miss the chance to complement your range and offer your customers a trendy and top-selling product.

Artemisia is a delightful perennial that brings both beauty and functionality to gardens. With its soft, silvery foliage and compact growth habit, this plant is an excellent choice for gardeners seeking a low-maintenance ground cover. The finely textured, silverygray leaves create a stunning contrast against other plants, making Artemisia a perfect addition to borders, rock gardens, and mixed beds. This hardy plant thrives in well-drained soils and is highly drought-resistant, making it an ideal choice for landscaping and low-water gardens.
